

Welcome

To Node.js

by John  
Mann

# Modules

I'm going to cover

# Express

A Web Api  
for Node

# DUST

An Async Template  
engine for Node

# EveryAuth

An Authentication  
Module for Node

Step 1

Install Node.js

<http://nodejs.org>

# Step 2

Create Json Package

npm init

Step 3

Install  
packages

Step 4

Create Server.js

Step 5

Run

Node Server.js

Let's

Look At

Code!
